# Fun Facts

---

- Kent Harms remains the best bowler who has not won a championship.
- Aaron Barber rolled his league 250th 200+ game on October 22, with his 203 in game 3 against the Sun Dolphins. He now stands at 254 200+ games. And Matthew Taylor rolled his 200th league 200+ game that very same day, with his 225 in game 2 against Bowls Deep.
- This was missed last season, but Matthew Taylor actually earned his 50th league 600+ series on the final night of bowling last Spring. He now stands at a count of 56.
- Seth Gunderson came just 75 pins shy of crossing the 250,000 career pins mark and would have crossed it easily last Tuesday had he not had to miss game 1 for a grade school Christmas pageant. At least that's something he can look forward to accomplishing in his first game next season as long as he doesn't sandbag too much.

# Hall of Fame Inductions

---

- There are no Hall of Fame inductions. On the merits of your performances, none of you deserve it.
- This concludes the Hall of Fame section of this season's presentation.

# Bowling for.....fun?

---

- Kenny has offered a “for fun & practice” bowling session on Jan. 14th at 6:30
- Good chance to practice/experiment/relax on the our home lanes
- Cost for the lanes would be zero IF we run up a high enough bar tab to make it worth their time

# Bowling for.....money?

---

A vote will be sent out over the winter break to address possible changes to the cost of bowling. Options are:

1. Full Prize Fund: Increase of \$35 per person (\$28 for a team of 5). All teams would win prize money at the end of the season
2. Partial Prize Restoration: Increase of \$20 per person (16 for a team of 5). Top 2-3 teams win money. All other prizes would be restored at a reduced rate.
3. No Prize Restoration: Dues remain the same. Prizes would remain as we see them today

Thank you to the  
incredible St. John  
Staff!

Next Season:  
January 28

---

Thank you all for a great season
